Report of School Board.

To the citizens of Gilmanton the following report is respectfully submitted:

It may be of interest to review briefly the work that has been done during the past year. The number of schools maintained for the entire year is ten, namely: Kelley, Potter, Loon Pond, Smith Meeting House, Corner, Jones' Mills, Allen's Mills, Gale, Guinea Ridge and Iron Works. At the close of the fall term, it was thought best to discontinue the school in the Lamprey district; and open the Rogers school for the winter term; it was also deemed advisable to open the Lougeetown school for the fall and winter terms. Whole number of teachers employed, seventeen. We have been very ably sustained in our school work, financially, by the voters of the town for the past few years, and we pray for a continuance of the same, not for any good accruing to us, but for the highest good of your children. The amount raised for school purposes amounts to but a trifle to each one, but in the aggregate the benefit cannot be over-estimated.

The results have, for the most part, been very gratifying, but before we can see them as they should be, there are difficulties to be met and overcome. and some of these difficulties are beyond the control of the teacher. The principal one being irregularity in attendance. Some parents believe it is their privilege to keep their children from school for any or no excuse, and they act upon their belief. Children who are thus kept from school or who are permitted to remain away, soon acquire the habit of regarding school work and duties lightly and to avoid them whenever they can do so. There are very few children, who are out of school or have become truants, except by the active or passive agency of those having them in charge. The law in regard to school attendance imposes a strict duty upon all parents and guardians. In no

case does it excuse any from obeying it because they believe they have the right to keep their children from school. We sincerely hope and trust that this difficulty will soon be overcome.

The greatest good that can be bestowed on any community is the education of its young; and education in its highest sense, like charity, should begin at home. The moral tone of a school will never rise above the average of that of the homes represented.

The hearty co-operation of the parents with the teacher will insure the success of any school. The school buildings of the town have never been in better condition than at the present time.

During the past year the Corner school house has been painted outside, and kalsomined and varnished inside, at an expense of \$78.37. The Smith Meeting House school house has been shingled with good cedar shingles, the entire ceiling newly plastered and the wall papered, for which purpose about seventy-five dollars were expended. The cost of painting the Kelley school house was \$33.50.

We still have a few school buildings that need repairs, and a change from the old fashioned and uncomfortable board desk to the more modern school desk; for which purpose we hope for a liberal appropriation to be used this coming year. No change has been made in the text books of our schools during the past year; new books to take the places of worn-out ones have been purchased. We have also added a few copies of geographical readers to be used in connection with geography study.

In conclusion we would urge upon the parents the importance of making frequent visits to the schools, thereby cheering the heart of the teacher, and being the means of bringing our schools to a higher standard of excellence. We also wish to express to the teachers our appreciation for their earnest efforts for all that has concerned the welfare of the schools; and to the many others who are appreciative of the difficulties as well as the satisfaction of school administration.

Respectfully submitted,

C. FRANK PAGE,	} School Board	
FRANK N. MERRILL,		} of
LAURA E. VARNEY,		} Gilmanton.

ROLL OF PERFECT ATTENDANCE.

KELLEY DISTRICT.—First Term—Ina S. Linscott, Flora H. Parsons, Zella A. Parsons, Albert H. Parsons. Worthy of mention—Emma M. Kelley, Alelia E. Linscott.
